HOLD THOSE IN POWER TO ACCOUNT

Councillor Dean Mulligan is a social care worker from RIVERVALLEY in Swords.

He got over 10% of the vote in the recent Byelection and has a real chance of taking a seat in General Election 2020.

Having campaigned alongside Clare Daly MEP for several years and having been one of the main organisers of the Right2Water campaign in Swords, he wants to continue Clare's fight with her inside and outside the Dáil and the European Parliament.

We are at crisis point on so many levels, from health and housing, to growing inequality and climate emergency.

All the parties talk, but there is precious little difference behind their political games. We need to elect representatives who are prepared to hold the government to account and tackle vested interests.

Let's continue to show that Dublin Fingal wants to elect a fighter. Elect Councillor Dean Mulligan as a TD in Dublin Fingal.

A MESSAGE FROM CLARE DALY MEP

Dean Mulligan's performance in the recent By Election, caused by my election to the European Parliament, shows he is now poised to take a seat and carry on my tradition.

This seat was won through struggle, from the battle against the water charges in the 1990s, the bin charges, the defence of workers' rights in Dublin airport and the fight for sustainable development.

These were campaigns waged against Fianna Fail and Fine Gael in government, sadly supported by Labour and the Green Party.

The main political parties pose as different, but are essentially the same. What is the point in giving them an extra seat?

Dean Mulligan is the best candidate to keep this seat as a platform to hold the Government to account.

I am calling on everyone who voted for me to please vote for Councillor Dean Mulligan as the person who embodies my tradition in our community.

It is time for young people to lead, they have the most at stake in the future.

Clare
