ITEM NO. 27

Bulky Waste Ward Rivervalley Park

Question: Councillor D. Mulligan

“To ask the Chief Executive to examine if the Council can remove bulky waste in areas that are not easily accessible by car or machinery within the Ward Rivervalley Park?”

Reply:

As reported previously, the Council from time to time engages an external Contractor for the removal of bulky waste in areas of the Ward River Valley Park which are not easily or safely accessible by our own crews.

However, if the Councillor is referring to the recently acquired Knockedan Lands, it would not be safe to try to get machinery into this area until access paths have been constructed. A haul road out of the valley will also be required. This work in clearing vegetation and constructing paths will form preliminary work as part of the development of an overall Master Plan for the area.
