**ITEM NO. 48**

**Street lights - Cherry Avenue, Rathingle, Swords**

**Question: Councillor D. Mulligan**

“To ask the Chief Executive if the viability of streetlights or any light structures could be added to public right of way on open space at Cherry Avenue crossing the green at Rathingle?”

**Reply:**

Installation of public lighting on public open space can only be considered on open space areas with high footfall and particularly where there are commuter walking routes to work and school. The need for lighting will be assessed, and the proposal costed over the coming months and if the project is deemed suitable, it can be included for consideration as part of a future Programme of Works.
